Sprinkler Case Studies

The Challenge

Royal Ascot

From the "Beautiful Game" to "the sport of Kings," Tyco Fire & Integrated Solutions have always been in a league of their own in providing "state of the art" fire protection solutions for the sport and entertainment industry. From a simple nightclub to a West End Theatre, from Royal Ascot football stadiums

Chelsea Football Club

The ground at Stamford Bridge has been transformed in recent years with three sides of the ground being re-built. The completion of the impressive looking West Stand means that Stamford Bridge is now arguably the largest league ground in London. Tyco Fire & Integrated Solutions was chosen to install a sprinkler system in high-risk storage areas adjacent to the corporate hospitality rooms.

Fulham Football Club

The underside of the timber Grand Stand is a prominent and irreplaceable feature of Fulham Football Club. With this in mind, Tyco Fire & Integrated Solutions won the contract to safeguard this feature for future generations from the threat of fire with a sprinkler system.
